CPC presents

Awareness Survey

Central Placement Cell under the aegis of Dean Students' Welfare Office, University of Delhi facilitates Awareness Survey for Students

Greetings from the Central Placement Cell (CPC), University of Delhi.

We hope this message finds you well. The Central Placement Cell has initiated this survey to gain a clearer understanding of students' awareness of CPC activities, along with their career interests, placement expectations, and preferences.

The objective of this exercise is to collect student inputs for internal reference, which will help the CPC plan and implement placement-related initiatives in a more effective and student-focused manner. The responses will assist in identifying gaps in communication or outreach, strengthening coordination with departments and recruiters, and aligning future opportunities more closely with student aspirations and industry requirements.

Participation in this survey is entirely **voluntary**. All responses will be considered confidential and will be analysed only in an aggregated form for assessment and planning purposes. Students are encouraged to participate and share honest feedback, as their inputs will play a meaningful role in enhancing the placement framework and support systems across the University.

Kindly Note:

- Students who have already filled out this survey earlier may revisit the form to edit and update their responses, if there have been any changes in their preferences or details.
- Students are advised to regularly check the website (placement.du.ac.in) for regular placement opportunities.
